Humidity Control Deoxidizing Sachet

Laser printing

No dust

No ink transfer

Humidity controllable

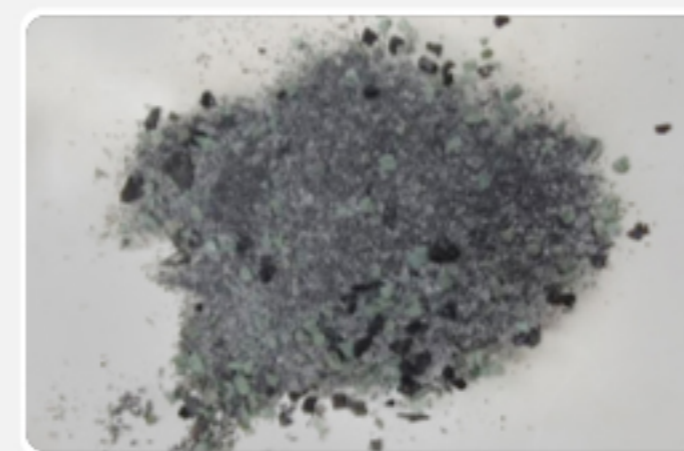

Oxygen removal

The WiseMini Ink-free humidity control deoxidizing sachet is an innovative packaging solution that utilizes ink-free printing technology, eliminating the risk of ink migration while using special materials to prevent dust contamination, ensuring product safety. This sachet precisely controls the humidity within the packaging, maintaining it between 20%-40%, and efficiently absorbs oxygen, offering dual protection. Its unique functionality effectively prevents oxidation and moisture absorption during the storage and transportation of pharmaceuticals, significantly extending their shelf life and ensuring stability. WiseMini provides the pharmaceutical industry with a safe, efficient, and environmentally friendly protective solution, ensuring optimal product preservation.

SPECIFICATION:

Spec	Product Code	W*L (mm \in)	Packaging Quantity
10cc	IOR-10-ND00	16*40\0.63*1.57	8000\ctn
20cc	IOR-20-ND00	22*40\0.87*1.57	4500\ctn
30cc	IOR-30-ND00	22*48\0.87*1.89	3000\ctn
50cc	IOR-50-ND00	26*50\1.02*1.97	2000\ctn
100cc	IOR-100-ND00	38*60\1.50*2.36	1000\ctn

• After absorbing oxygen, the iron-based material turns into lumps.

STANDARD:

Item	Standard
Nominal deoxygenation time (h)	≤ 48h
Humidity control range (25°C)	20% ~ 40%
*Pb	≤ 10mg/kg
*As	≤ 5mg/kg
