ETHYLENE ABSORBER

Ethylene is a gas that can affect the accelerated ripening of fruits, vegetables, flowers, and other products. Ethylene is also released during the growth of these products, which accelerates maturation and aging. WiseFresh® Ethylene Absorber, which main ingredients are activated alumina and potassium permanganate, can effectively absorb ethylene released from fruits, vegetables, flowers, and other products, slow down the ripening speed and keep the products fresh for a longer period. Waterproof and breathable materials are used as packaging materials to allow safe contact with products.

WISEFRESH® ETHYLENE ABSORBER STANDARD

ITEM	STANDARD
Ethylene Removal Quantity	≥ 6ml/g

WISEFRESH® ETHYLENE ABSORBER SPECIFICATION

Spec	Product Code	W*L (mm\in)	Packaging Quantity
5g	3ESTY001A	45*70\1.77*2.76	1500/5 gal tin
10g	3ESTY002A	60*70\2.36*2.76	750/5 gal tin
20g	3ESTY003A	60*110\2.36*4.33	400/5 gal tin
30g	3ESTY004A	78*90\3.07*3.54	300/5 gal tin
